

THE RESET

AN IMMERSIVE SOUND HEALING EXPERIENCE

ABOUT THE RESET

The RESET transforms the world's most iconic stages into sanctuaries of stillness and sound. At the exciting crossroads of wellness and music, this electro-acoustic sonic immersion is created by expertly blending improvisational singing, live looping, sound healing instruments and electronic beats. Before they know it, participants find themselves in deeper connection with each other, their surroundings, and most importantly, themselves. The experience begins with exercises that engage community and then moves seamlessly into mindful awareness of breath, space and sound. This culminates in a one-of-a-kind ambient concert lasting 60 to 75 minutes.

NOTABLE PARTNERS INCLUDE

ABOUT THE CREATOR

Davin Youngs is a true musical innovator who believes in the transformational power of singing, voice and sound. He has dedicated his life's work to using his voice to help others step into the power of their own. As the creator of The RESET, Davin relies heavily on improvisational singing, looping and sound healing instruments to create a sonic container for restoration, discovery and healing.

A voice coach for more than 20 years, Davin guides some of today's most influential voices and hosts the highly rated Free Your Voice, Free Your Life podcast.

He is also the creator of VOXUS, an experience that quickly brings groups into the powerful experience of improvised singing and he is a featured teacher and musician on the Insight Timer meditation app.

FOR SCHOOLS AND UNIVERSITIES

Never before has student well-being been more central in the focus of schools and universities. The stressors of the modern world acutely reveal themselves in academia, where students find themselves struggling. The RESET is an innovative and inspiring approach to

helping young people develop healthy coping mechanisms for the challenges they face. From 30 to 5,000 participants, the communal aspect of this sound immersion fosters a sense of unity and belonging among students, creating a supportive environment that encourages social connection and emotional well-being.

Not to mention, The RESET is creatively invigorating. Students have never experienced anything quite like this and they will walk away with new curiosities around what might be possible as they create their future.

LEARNING AND RESIDENCY OPTIONS

Davin is happy to combine The RESET with learning and creative residency options. Additional workshop themes can include but are not limited to:

- Establishing a Creative Career in the Healing Arts
- The Sound of You: A Voice Workshop for Authentic Embodied Expression
- Spontaneous Song: An Improvised Singing Workshop
- Music for Transformation: A Holistic Approach to Creative Expression
- Becoming Sound: A Mindful Approach to Making Music

TECHNICAL REQUIREMENTS

The RESET is best experienced in unique and beautiful spaces. From theater stages to chapels to museums, the more creative the better. The host is responsible for amplified sound which will vary depending on space. If a subwoofer is available, it is desired. During The RESET, the performer is on an 8'x8' riser using a loop station/pedal board and microphone which are self contained and only require a stereo input to the house mixing console. Participants are on mats on the floor, either in front of or surrounding the performer.
